What Is MYCAERT.com?

MYCAERT.com is a web-based subscription system that allows teachers to choose topics from our libraries in order to custom-build course outlines. **You** choose the topics and **you** decide the make-up of your course.

MYCAERT Components:

Lesson Plans and Student PowerPoints

- ▶ Content-oriented lesson plans for teachers including Interest Approaches, Visual Masters, Activities and Quizzes.
- ▶ MYCOMMUNITY section that allows teachers to share even more materials to teach the lessons.
- ▶ You custom-build your course outlines by choosing which lessons you want to teach.
- ▶ You choose to electronically assign PowerPoints to students so they can access them at anytime.

Online Texts

- ▶ Online student textbook E-units written to accompany each lesson.
- ▶ Allows the creation of custom online texts built around the lessons in your course outlines.
- ▶ You electronically assign the E-units to students who read them online from anywhere.

Web-Based Assessments

- ▶ Choose from thousands of questions in our testbanks in order to build your tests.
- ▶ Electronically assign the tests to students, administer them online, and let the system do the scoring.
- ▶ Easily create pre- and post-tests to measure student growth.

Why MYCAERT?

- ✓ **Lower Cost:** MYCAERT materials are substantially less than traditional curriculum and textbooks.
- ✓ **Quit Reinventing the Wheel** — We've created the materials — you organize them to fit your needs.
- ✓ **Chromebook Compatible** — Materials formatted to work with Chromebooks.
- ✓ **Access to Updated Materials** — As long as you subscribe, you'll receive access to materials as they are updated.
- ✓ **Subscriber Community** — Our MYCOMMUNITY section allows you to access and share materials with MYCAERT teachers from across the nation!
